LIST OF PUBLICATIONS OF PÉTER VÉRTESI

[1] B. Almássy, P. Vértesi, *Csővezetékhálózatok számítása (A National-Elliott 803 B elektronikus számológép alkalmazása. Statika, hidraulika, külfejtés, geodézia.)*, NIM Ipargazdasági és Üzemszervezési Intézet kiadványa, Budapest (1964), 29–73.

[2] D. Holnapy, P. Vértesi, *Bányaszellőzőhálózatok számítása. National-Elliott 803 B elektronikus számológép*, NIM DOK (1965), 3–14.

[3] O. Kis, P. Vértesi, *Numerikus és grafikus módszerek (Egységes egyetemi jegyzet)*, Tankönyvkiadó Budapest (1966).

[4] P. Vértesi, *Jackson tételének bizonyítása interpolációs úton*, Mat. Lapok **18** (1967), 82–92 (in Hungarian).

[5] G. Freud, P. Vértesi, *A new proof of A. F. Timan's approximation theorem*, Studia Sci. Mat. Hung., **2** (1967), 403–414.

[6] P. Vértesi, *Jackson és Timan tételének bizonyítása interpolációs úton*, Egyetemi doktori értekezés, (Dissertation) 1967 (in Hungarian).

[7] P. Vértesi, O. Kis, *Ob odnom novom interpoljacionnom processe*, Ann. Univ. Sci. Budapest., Eötvös Sect. Math., **10** (1968), 118–128 (Russian).

[8] P. Vértesi, *On the divergence of sequence of linear operators*, Acta Math. Acad. Sci. Hung., **20** (1969), 399–408.

[9] P. Vértesi, *Notes on lacunary interpolations*, Colloquium on Constructive Theory of Functions, Budapest, 24. August 1963 — 3. September 1969 (preprint), 93–94.

[10] P. Vértesi, *Notes on lacunary interpolations (with some supplements)*, Proceedings of the Conference on Constructive Theory of Functions, (1969), 523–528.

[11] P. Vértesi, *Lower estimations for some interpolating processes*, Studia Sci. Math. Hung., **5** (1970), 401–410.

[12] P. Vértesi, *Hermite–Fejér interpolation based on the roots of Jacobi polynomials*, Studia Sci. Math. Hung., **5** (1970), 395–399.

[13] O. Kis, P. Vértesi, *On certain linear operators I*, Acta Math. Acad. Sci. Hung., **22** (1971), 65–71.

[14] P. Vértesi, *On the convergence of trigonometric (O, M) interpolation*, Acta Math. Acad. Sci. Hung., **22** (1971), 117–126.

[15] P. Vértesi, *Notes of the convergence of $(0, 2)$ and $(0, 1, 3)$ interpolations*, Acta Math. Acad. Sci. Hung., **22** (1971), 127–138.

[16] P. Vértesi, *On the convergence of Hermite–Fejér interpolation*, Acta Math. Acad. Sci. Hung., **22** (1971), 151–158.

[17] P. Vértesi, *Hermite–Fejér interpolation based on the roots of Laguerre polynomials*, Studia Sci. Math. Hung., **6** (1971), 91–97.

[18] P. Vértesi, *Hermite–Fejér interpolation based on the roots of Hermite polynomials*, Acta Math. Acad. Sci. Hung., **22** (1971), 233–238.

[19] P. Vértesi, *On certain linear operators. II.*, Acta Math. Acad. Sci. Hung., **22** (1971), 251–255.

[20] P. Vértesi, *Interpolációs eljárások hibájának becslése*, Kandidátusi értekezés, 1971. (Dissertation) (in Hungarian).

[21] P. Vértesi, *On certain linear operators. III. (On the divergence of Fourier series)*, Acta Math. Acad. Sci. Hung., **23** (1972), 109–113.

[22] P. Vértesi, *On certain linear operators. IV. (On the Hermite–Fejér and $(0, M)$ interpolations)*, Acta Math. Acad. Sci. Hung., **23** (1972), 115–125.

[23] P. Vértesi, *On certain linear operators. V*, Acta Math. Acad. Sci. Hung., **23** (1972), 433–437.

[24] P. Vértesi, *Notes on the Hermite–Fejér interpolation based on the Jacobi abcissas*, Acta Math. Acad. Sci. Hung., **24** (1973), 233–239.

[25] P. Vértesi, *On certain linear operators. VI*, Acta Math. Acad. Sci. Hung., **24** (1973), 423–427.

[26] P. Vértesi, *On certain linear operators. VII*, Acta Math. Acad. Sci. Hung., **25** (1974), 67–80.

[27] P. Vértesi, *On certain linear operators. VIII*, Acta Math. Acad. Sci. Hung., **25** (1974) 171–187, suppl., ibid. **25** (1974), 449–450.

[28] P. Vértesi, *On the divergence of interpolation processes on sets having positive measure*, Acta Math. Acad. Sci. Hung., **25** (1974), 391–400.

[29] P. Vértesi, *Hermite-Fejér interpolation on the Jacobi abscissas*, Approximation Theory (Proceedings), (281–284), Warsawa, 1975.
